

# Moog Ireland Freight Procedure

The following is a routing instruction on behalf of Moog Ireland Ltd.

The below table indicates the acceptable means of transport of ex-works shipments made to Moog Ireland.

Shipments actions

| Weights         | Carrier | Service                             |
|-----------------|---------|-------------------------------------|
| 0.01Kgs -3 Kgs  | TNT     | TNT Express                         |
| 3.01Kgs -150Kgs | TNT     | TNT Economy service                 |
| 151Kgs+         | UPS/SCS | Transportation and freight services |

Account information can be obtained from the relevant buyer who has placed the PO with your company or organisation.

Failure to comply with this routing instruction will result in all charges on shipments to Moog being reversed to sender.

Moog also honours no express or overnight shipments unless agreement has been sought before delivery.

Moog will not accept any liability for charges resulting from late deliveries where the delay is on the behalf of the vendor. Moog will also accept no liability for charges resulting from defective goods being returned to the vendor and the subsequent freight charges resulting from the reshipment of these goods to Moog.
